

## **PRESS RELEASE**

### ***Career* TEAM hires National Director of Information Technology**

**North Haven, Connecticut 2011-**

*Career* TEAM has appointed Harrison Tonne as the Director of Information Technology. Harrison's goal is to keep *Career* TEAM on top of all technological and marketing practices and implement growth plans in regards to online company strategies. The following objectives are how *Career* TEAM will achieve their progressive and innovative online campaign: social media; web design expertise; marketing and brand development skills; event planning skills; and speaking and lecturing experience. The Director of Information Technology will act as a consultant to all *Career* TEAM project sites to develop and enhance technical solutions. He will be aggressively researching technological trends and how to implement in the Workforce Development industry.

Harrison stated, "I am 100% committed to bringing *Career* TEAM to the next level in WOW!" Harrison is stationed at *Career* TEAM's corporate office in North Haven, CT.
